### SUMMARY

Motivated Software Developer with hands-on experience in frontend development and agile methodologies. I have collaborated with cross-functional team to deliver user-friendly interfaces and optimize applications for enhanced performance. Successfully developed dynamic chat applications and leveraged personalized mentorship to accelerate learning and improve coding standards.

I am now seeking an opportunity to contribute to impactful projects in a collaborative environment at Remitly during a 12-week paid summer internship.

### SKILLS

- **Programming Languages:** JavaScript, TypeScript
- **Technologies/Frameworks:** HTML5/CSS3 (SASS), Angular 2+, React, Git, RxJs, NgRx, RESTful, Jest
- **Developer Tools:** VS Code, Figma, Zeplin, Postman
- **Project Management:** AGILE, JIRA, GitHub
- **Languages:** English – B2, Ukrainian – Native, Russian – Fluent
- **Soft:** Teamwork, Results-oriented, Problem-solving, Flexibility, Proactive
- **Other:** Data structures, Algorithms, Unit testing

### EXPERIENCE

#### Team Project | Frontend Developer

01.02.2024 - current time

- Collaborated with a cross-functional team to develop the Chat Condominium Association "AtHome" communication platform.
- Took charge of frontend development leadership, ensuring the implementation of user-friendly and intuitive interfaces.
- Contributed to the development of various frontend components and modules to enhance the platform's usability and functionality
- Worked closely with backend developer and designer to integrate frontend components with backend systems and UI/UX designs.

#### ECommerce-Application | Frontend Developer

01.08.2023 - 25.09.2023

- Collaborated with a 3-person team to develop a web shop, facilitating users in choosing their preferred clothing items and proceeding to checkout.
- Implemented an agile workflow, taking charge of team coordination and control. Utilized CommerceTools platform to enhance the functionality and performance of the application.
- Successfully integrated features such as filtering/sorting, authentication, and product pages.
